Assistant Professor in Neurobiology and Behavior

As outlined in the UCI Recruit job listing here:

Applications are invited for a position at the level of tenure-track ASSISTANT PROFESSOR in the Department of Neurobiology and Behavior. In addition to joining one of the top neuroscience departments in the country, the successful candidate will be a core faculty member in UCI's new Facility for Imaging and Brain Research (FIBRE). We seek outstanding candidates whose research uses advanced, innovative human MRI techniques to study topics that synergize with either human or animal-model research being done in the department. Applicants should hold a Ph.D., M.D., or equivalent degree, seek to establish a research program, and to contribute to teaching at both the graduate and undergraduate levels.

Information on the department is available at http://neurobiology.uci.edu and information on FIBRE is available at http://imaging.uci.edu. Applications completed by October 31, 2017 will be granted full consideration. For application instructions, please go to the Department of Neurobiology and Behavior Assistant Professor section at https://recruit.ap.uci.edu/apply/JPF04277. Criteria for research, teaching, and diversity statement is available here:

Research Statement (3 pages). This statement should:

1. Detail the candidate's **specific area of expertise**, with a description of their contributions to the field.

2. Provide a detailed **plan of their future independent research program**, and how this program will be leveraged to obtain extramural funding.

3. Indicate how the candidate's research program will **synergize with the research environment at UCI**, including the resources provided by FIBRE (http://imaging.uci.edu).

Teaching Statement (1 page). This statement should:

1. Indicate the candidate's teaching **experiences** to date, including experience with teaching/lecturing to undergraduates/graduate students, or other populations, as well as their areas of interest. This should also include **mentorship** that they have given to others in the line of research or outreach activities.

2. Detail the candidate's teaching **approaches and philosophies**, as to how they will engage in effective teaching strategies.

3. Provide **evidence (if any) of effectiveness** of previous teaching.

Diversity Statement (1 page). The UC Statement on Diversity is available at: http://regents.universityofcalifornia.edu/governance/policies/4400.html. Applicants will be evaluated on their required statements of their contribution to diversity. This statement should:

1. Indicate how the candidate has demonstrated **awareness** of the issues faced by historically underrepresented or economically disadvantaged groups and the benefits of a diverse and inclusive faculty.

2. Provide evidence (if any) of the candidate's **track record and success** in activities aimed at reducing barriers in education or research for underrepresented or disadvantaged groups.

3. Detail **specific plans** (if any) to contribute through campus programs, new activities, or through national or off-campus organizations.
